**\$100 Robbery Staged  
Monday Evening At  
LeMaster Confectionery**

An armed, unmasked bandit held up Third Ward Alderman Rufus LeMaster in his small confectionery, 2165 Benton street, about 7:40 p.m. Monday, making off with between \$100 and \$120, which he forced LeMaster to hand over from the cash register.

LeMaster, who was alone in the store, said the bandit, armed with an automatic pistol, ordered him to "stay away from the phone for three minutes" as he fled. The bandit came back a few seconds later to look in the window.

"I already had dialed 7-7, of the phone, but the bandit told me not to," LeMaster said. "He came back a few seconds later to look in the window."

"I already had dialed 7-7, of the phone, but the bandit told me not to," LeMaster said. "He came back a few seconds later to look in the window."

**Heard Door Open**

There was no council session Monday night, and Alderman LeMaster was tending the store by himself when the bandit arrived. "I was in the store when the door opened and I heard the door open and close," LeMaster said. "I didn't see a gun until I walked around the meat counter. You know, it's a small store, high. Then I saw the gun. He was holding it in his left hand. LeMaster said the bandit briefly remarked, "This is it. I want your money."

**Bandit Issues Order**

The bandit was standing with both hands raised. The bandit ordered him to lower his hands and give him the money from the cash register. LeMaster complied, handing over the \$100 to \$120 in \$1, \$5 and \$10 bills.

**Instructing LeMaster**

After the brief delay of a few minutes, the bandit fled, returning a few seconds later to peer in the front door, before finally leaving. LeMaster said he did not hear an automobile drive away.

**He Said the Bandit was**

He said the bandit was about 30 years old and was shabbily dressed, wearing a gray hat and a light-weight blue jacket. He was about five feet, 11 inches tall and weighed about 165 pounds, the alderman told police.

# \$37,000 Offer On Madison Track Removal

The Madison city council Tuesday night tabled an offer by the Illinois Terminal Railroad to settle for \$37,000 the issue of removal of street car tracks along Madison avenue.

The railroad offered to pay the city \$25,000 and give up claims for salvage of the rails, which Mayor Stephen Maerz said would raise "around \$12,000." The city originally considered suing the company for the cost of removal of the rails and placing the street area in good condition. A \$15,000 estimate has been made by the city engineer on the cost of the project.

**Maerz, after reading the offer to the council, commented that the city should take the offer because court action might take at least 18 months and because the decision might not be made for the entire \$115,000.**

**"The contract with the company calls for the rails to be removed from the street as it was laid," Maerz said. "This would be a way the company could get out of paying as much as we are because the rails might be in poor shape, or for that matter, the rails might have been laid when the tracks were laid. It was an awfully long time ago. He had estimated the year as 1936 or 1937."**

**Cities Court Costs**

Corporation Counsel Austin Lewis said that by the time all expenses for the court proceedings were added up, the city probably would make little more than a profit.

**"Besides," he added, "we should start on this project as soon as possible. A long court battle would delay the improvement almost two years."**

**Resurfacing and widening of the street are planned on an estimated cost of \$120,000. The state has allocated \$28,000 for the project.**

**Opposition was voiced by Alderman John Brickley, who said, "A settlement for \$25,000 is possible. \$120,000 on an estimated cost of \$120,000 is not a bad deal."**

**After the brief discussion, the council voted 5-4 to table the offer.**

# Economy Plan To Ease Fund Problem

**\$117,000 Saved But GC  
School Debt Will Rise;  
\$172,000 Tax Revision**

An economy program initiated in the Granite City school district due to its current financial squeeze has resulted in savings of \$117,000 so far, said Harold M. Kaiser, superintendent of schools.

The district has made up the \$172,000 deficit of \$172,000 of the taxes eliminated by assessment changes, but borrowing may top \$1,000,000 during 1959-60 due to the financial effect of the expanding enrollment and opening of new schools, Dr. Kaiser said. Since taxes are received a year later by the board Tuesday, it is a steps taken to reduce the debt will not show results until 1960-61, he explained.

**The decision for a September**

earmarked for initial salary cuts at the West 25th street junior high school, now scheduled to open in September; \$50,000 saved by employing teachers for new grade schools when they are needed rather than at the start of the school year; and \$37,400 saved by economizing on some building maintenance projects and deferring others until after July 1.

# Housewife, 26, Dies of Wound

**County Filing  
Period To Begin  
Monday Morning**

Mrs. Mary Louise Dettweiler, 26, of 1405 Norwood drive, was dead on arrival at St. Elizabeth Hospital at 4:45 a.m. Tuesday. Death apparently was caused by a self-inflicted gun wound in the right temple, according to a report by the sheriff's office, who investigated. Deputy Coroner Henry Pieper will conduct an inquest.

**According to the report, com-**

plished with the cooperation of the Granite City police who were called to the scene. Mrs. Dettweiler's husband, William E., was sleeping and suddenly awoke and asked his son, William, Jr., where his mother was. The boy, 22, said his mother was in the bathroom and was investigating. Mr. Dettweiler found his wife on the bathroom floor with her head near the wash basin. When the police arrived, they found him holding Mrs. Dettweiler's face with a wash cloth. A 22 cal. pistol was lying near the woman.

**There was no note. The woman**

was rushed to St. Elizabeth Hospital by an ambulance. Mr. Dettweiler was off for the day from Granite City Steel Co. where he is an electrician. **\$3000 Fee Paid  
In 1955 Returned  
To City of Venice**

A controversial \$3000 fee paid by the City of Venice on March 1955 to the Sarjens Corp., has been repaid to the city, an audit of 1958-59 city records showed this week. The annual audit was made by the Peoria Audit Bureau.

**The audit described the repayment**

as reimbursement of a loan for expenses of the McKinley Bridge. At the time, purchase of the bridge by the Bi-State Agency had been announced and the bridge was in the process of successfully blocking the sale through delaying court action.

**At the time, a legislative**

statement, an expenditure to clarify the agency's bridge-building powers. The city bought the bridge Nov. 21, 1958.

**Efforts to block the payment**

were made in the 1955 city officials, and an investigation of Missouri legislative lobbying was started. After the payment was disclosed by the Press-Record, city officials described it in a "reimbursement" to him for printing and other expenses in connection with the bridge fight. Sarjens later handled negotiations for city purchase of the bridge and the city took the right to handle the sale of bonds.

**Questioned yesterday, Mayor**

John E. Leach, who did not take office until May, 1957, said it is his understanding that the \$3000 was to be repaid by Sarjens to the city if the efforts to buy the bridge proved successful. When the purchase was made, the repayment followed.

# Woman Starts Auto —Sees Fur Fly

**Boy On Roller  
Skates Struck  
By Automobile**

Police answered a distress call from a woman in the 2400 block of Wayne avenue yesterday morning. The woman said she was certain a cat "screeched" when she started her car.

The officer who went to her assistance asked if it was a cat or motor trouble. The woman replied she was positive, since she saw "fur fly" when she started the car.

Raising the hood of the auto, the officer found a cat with its tail caught in the fan-belt. The police lifted the cat, and the cat jumped out—and fled across a field.

## 1st GC National Bank To Move Within 60 Days

First Granite City National Bank expects to move into its new building within the next 60 days. It was announced Tuesday at the annual stockholders meeting by newly re-elected Board Chairman Ervin Niedringhaus.

Renamed as directors were Harold R. Fischer, Howard Kaseberg, F. W. Kolmeier, P. H. Lichtenberger, Ervin Niedringhaus, S. E. Pershall, W. W. Pershall, C. A. Rant, W. A. Reese, O. H. Roman, G. B. Schierberg and J. J. Stolz.

Officers elected were—Niedringhaus, board chairman; S. E. Pershall, vice-chairman; Fischer, president; Lichtenberger, executive vice-president; C. L. Gavin and R. L. Toburen, vice-presidents; R. J. Winninger, vice-president and cashier; Glen Ruckriegel, Alex. Schenckoff, Harry H. Nelson Jr., George W. Reeves, Robert O'Brien and Walter Gavlick, assistant cashiers, and L. J. Pitman, auditor.

Commenting on the bank's operations for the past year, Board Chairman Niedringhaus said net profits showed a satisfactory increase over the previous year. "Interest rates are higher, although this has been offset by the raising of the rate paid by us on savings and time deposits."

"The Tri-Cities area was very fortunate in escaping the crippling effects of the steel strike, and although some local unemployment resulted, it was comparatively small. The seven weeks work stoppage in construction last summer resulted in a temporary setback to our

local economy, reflected primarily in our retail trade. After resumption of work, business improved substantially and our retail report an increased volume over 1958.

"The signing of a new contract by the steel industry and the business outlook in general all point to a banner year in 1960," Niedringhaus said. "The bank quarters, considered to be equal to any in the middle west will enable the local bank to serve people of the Quad-Cities with utmost efficiency."

"Our new safe deposit department will contain an ample supply of boxes and is equipped to give maximum safety and convenience. Our new home will provide a greatly enlarged installment loan department, staffed and equipped to take care of the borrowing needs of the people of the Tri-Cities."

"The increase in wealth in our area over the past years," Niedringhaus said, "has resulted in an increasing demand for trust services. With this in mind, your board of directors has authorized the application for trust powers and we expect to announce the opening of a trust department in a few weeks. This will enable the bank to act as executor, trustee, guardian or conservator of estates and in other fiduciary capacities."

"I would be negligent, if I did not compliment our 67 employees for their faithful and efficient performance over the past years. Without them our fine record would not be possible."

## Alton & Southern RR Strike Ends On Monday

About 150 employees of the Alton and Southern Railroad ended an 11-day strike against the carrier late Monday afternoon when union negotiators representing striking members of the Brotherhood of Railway Trainmen, Local 885, and railway officials reached a contract agreement.

Wayne D. Harris, assistant general manager of the A&S, told the Press-Record that the first train crew returned to work about 5 p.m. Monday and that the railroad was in full operation Tuesday.

The strike resulted from a contract dispute over whether the railroad had the right to suspend an employee for insubordination without first conducting a complete investigation.

Harris said he had been at liberty to reveal the terms of the strike settlement, since he had reached an agreement with Local 885 not to do so. "It was not known whether an investigation clause is included in the new contract."

George W. Legge, deputy president of the local, and other union representatives met with railroad negotiators over the weekend and on Monday, and the strike settlement resulted from these talks, Harris said. Contracts between railroads and unions are indefinite in duration, and may be negotiated at any time. The Alton and Southern line passes through the Madison yards.

Its free parking lots are located across the street from the son avenue, in the rear of the bank in the 1900 block of Edison, a half-block size lot in the 1800 block of Edison avenue and in the 1800 block of State street.

# G. C. Warriors Win Inter-City Cage Thriller, 70-68

Price Hits Deciding Goal In Last 4 Seconds; 29 By Trojans' Walker

Bobby Price sank a jump shot against his old teammates with four seconds of playing time left Tuesday night to give Granite City a 70-68 victory over Madison in a cross-town thriller which lived up to all pre-game predictions as the top cage attraction of the evening in this area.

Price, playing with just as Simpson had traded baskets to much determination in a Warrior uniform as he had last year for Madison, proved the old adage, "It's not where you're from, but who you play for." His 10-footer from the side capped a GC rally which began midway through the second quarter with the Warriors down by 12 points.

**Walker Outstanding**  
But although he finished with 19 points, high for the 13-2 Redmen, Price's efforts and those of his teammates were overshadowed by a great individual performance by Madison's Ed Walker, who missed only four of 17 shots from the field and hit his prep career high of 29 points, 14 of them in the second half with four personal fouls hanging over his head.

The Warriors could not afford the 6-4 Madison pivotman. He drove, tipped and hooked underneath, and then came outside to display a soft-touch jumper when the lane was clogged and he was double-teamed.

The final difference, although the opposing teams were almost unbelievably equally matched in the various statistics on paper, was Granite City's back line losing combination of Price and Rich Williams, who had 22 markers between them.

**38 Points By Front Line**  
That figure was exactly double the output of three Madison outcourt shooters, Frank Hilde, Ken Griggs and Sam George. Down underneath, Granite City's Carl Wortham, Frank Knight and Jim Simpson provided scoring balance with 17, 11 and 10 points, respectively.

Knight, whose eight points in the third quarter put the Warriors back in the ballgame, got three easy buckets he would not have picked up with so little effort had not Coach Andy Sullivan wisely had his forward driving the baseline in an attempt to get Walker to commit himself with four fouls.

Although they could not say much after the final gun the Madison fans sprinkled among the capacity crowd, together with Charles "Buddy" Mueller, Trojans, had their moment early in the game.

**UNSUCCESSFUL attempt at a two-pointer by Granite City's Frank Knight (24) finds three players poised for the rebound during early action in the Warrior-Trojan game Tuesday night.** From left to right are Madison's Frank Hilde, Granite City's Carl Wortham (10) and Jake Young, Ed Walker (43) and Lemon Smith (35), all of Madison.

Price meshed a long shot and Wortham added a free throw as the Warriors took the lead, 66-64, with 3:43 remaining.

Young drove and tossed one in with 2:32 left as Madison pulled even at 66-66 in the most exciting final quarter seen here in a long time. But that man Price took his time from the side and hit a set shot to push Sullivan's boys ahead again, 68-66.

**Stall Successfully**  
Walker hit Madison's last basket, a driving lay-up with 6:25 of the quarter gone, and Sullivan instructed the Redmen to stall for one final shot, banking on an overtime period if it did not go through.

Granite City held the ball for one minute and six seconds, and then called another time out with eight seconds left, the strategy obviously being to give the ball to Price for one last attempt.

It paid off. After his time-breaking jump shot, the Trojans called a quick time out, but in the three seconds remaining

East St. Louis New Entry

## Granite City Hosts Third Annual Frosh-Soph Wrestling Tournament

Seven returning teams and one new entrant will comprise the field of the third annual Granite City frosh-soph wrestling tournament Saturday in Memorial Gymnasium.

East St. Louis has replaced Roxana among the eight teams trying to take the championship won by the host school for two straight years. Pairings in each weight class, determined Tuesday, are by teams instead of wrestlers, so schools can wait until the final day before making final decisions on who their wrestlers will be.

The tourney will start at 1 p.m. Saturday with the first round and semi-final round. Third-place bouts will start at 7:30 p.m., and the finals at 8 p.m.

Medals will be given to the top three individuals in each weight class, and trophies will be presented to the first and second-place teams.

Last year, Granite City sophomores won with 101 points, followed by Coolidge Junior high with 77 and Riverview Gardens, Mo., with 63.

Admission will be 25 cents for students and 50 cents for adults. Besides Granite City, Coolidge, Riverview Gardens and East St. Louis, schools represented will be Edwardsville, McClure, Mo., Wood River and Jackson.

Weight divisions will be 95 pounds, 103, 112, 120, 127, 138, 145, 154, 165, 180 and heavyweight.

## Hawks Have Fared Well Since Move To St. Louis, Blake Tells Rotary Club

The St. Louis Hawks professional basketball organization has come a long way since the early days of 1955, when the club moved to that city from Milwaukee, Hawk publicist Marty Blake told members of the Granite City Rotary club during an informal Tuesday at the YMCA.

Handled the job of filling in for Hawk players Bob Pettit, Clyde Lovellette and Al Green, but actually many miles away as the Hawks prepared for Tuesday night's game with Philadelphia, Blake turned in an admirable job, one which doubtless made Granite City Coach Andy Sullivan and his varsity squad glad they showed up as much as they did.

"I'm jumping about from subject to subject with nearly as much agility as the players he represents show on a basketball floor, but always keeping as his main object professional basketball in general," Blake showed he was in the mood for a satirical line at the sport which is his "bread and butter."

"When the club had settled on the move from Milwaukee to St. Louis," he said, "a lot of people said we were crazy."

"St. Louis had lost the Flyers (hockey team), the old pro Bombers and later the Browns, and there were some who said it just wasn't a sports-minded city."

1955 a Bad Year

"That first year (1955) we had been given a most lucrative offer and were assured in advance that a large number of season tickets would be sold," he continued, "but we ended up by all but giving away the radio broadcast rights and sold exactly 51 season tickets."

However, in the four years since 1955, Hawk fortunes have been on the upswing, Blake said. He pointed to the 3000 season tickets sold during the current campaign and what he called "rather lucrative" radio rights.

"The Hawks have won three divisional championships along the way," he added, "and are well on their way to another. The last year in Milwaukee we didn't do so bad, finishing in a tie for fourth place—but then you have to consider that there are only four teams in the Western division," he added quickly.

Attendance 2nd in Loop

Support from fans in the St. Louis area has increased to the point where only New York out-draw the Hawks at the gate last season, said the front office man.

"We are just getting started as far as giving the fans top basketball and good entertainment," he continued, "and plan to offer even a greater number of overgame dances and special half-time entertainment at no extra cost."

"Frankly, I think we've had more success here," said Blake, "because we work at it harder. We spend more money and devote more time to scouting pro prospects."

Blake was here with Jack McMahon, a Hawk backline regular for many seasons who recently assumed the position of assistant coach in charge of player personnel.

McMahon did not have more than a few words to say, even when requested to do so by Blake. "It's hard to follow you,"

Marty," quipped the former player, who with Blake is busy scouting small college talent in the Missouri-Illinois area, called "one of the finest basketball areas in the country" by Blake.

Secret is 24-Second Rule

Blake said he feels professional basketball pros foot-ball insofar as players' salaries are concerned. "Pro ball has really come into its own for one reason—the 24-second rule (which provides that the offensive team must attempt a shot in a 24-second period after gaining possession of the ball or turn it over to the opposing team.) It has speeded up action remarkably," Blake observed.

"We're actually in the entertainment field, and nobody is going to show up as good money as two clubs stall out the last five minutes of a game, or watch opposing players deliberately fouling each other to get possession of the ball."

"The rule must be a good one," he opined, "since both AAU and Olympic teams have adopted it."

Blake said he believes in a move in the same direction within the next few years.

## Park Girls' Bowling Program Resumes At GC Lanes Saturday

The second 13-week session of girls' bowling, sponsored by the Granite City park district, will begin at 9 a. m. Saturday at the Granite City lanes, Park Recreation Director Harold Brown said today.

Giras in the 12-15 age group will bowl in teams from 9 until 10:45 a. m., with a younger group of girls from nine to 12 years of age taking over the alleys at 10:45 and rolling until 12:30.

Brown said the participants, who will include girls who bowled during the first half of the season, plus any new entrants, may register as teams or will be assigned to teams if they register individually Saturday.

Bowling in the program is free of charge, but girls should bring their own shoes or rent them at the lanes for 10 cents, Brown added. A park district supervisor will be on hand each Saturday during the 13-week schedule. About 120 girls participated in the first half of the season.

"A couple of months ago Bob Cooney (the Boston Celtics' great star) told me that if he had to start with one player and build a team around him, that player would be Pettit," Blake said.

"Bob is not only a great scorer and rebounder, but most important, a team player," Blake went on, "and until relative newcomers like Bill Russell and Wilt Chamberlain learn to play team ball he is still the greatest."

"What about 'the Big O' Oscar Robertson?" someone asked. In all probability, he will go to the Cincinnati Royals, the last place club in the Western division, following his graduation from Cincinnati U. Blake pointed out, since the last place club gets first draft choice.

"We will get the 16th or 17th choice, provided the Hawks maintain their present position," Blake told the Rotarians, "but we're not worried since big college stars usually have a rough time making it in the pro ranks. That's why Jack and I are more interested right now in small college players; yes, even players still in high school," he said. Sometimes things work out better for them, and us."

Blake was introduced by president chairman Jim Louis. President Elwood L. Ackerman also introduced eight past presidents who attended the meeting, and Granite City high school principal Lawrence McCauley, who presented Sullivan and his varsity players.

Ackerman announced that Forrest Harding is withdrawing from the club due to his plans to move to Palm Springs, Calif.

## Warriors Top Freeburg 69-64, Reach Dupo Tourney Semi-Finals

Granite City advanced to the semi-finals of the Dupo Invitational Tournament with a 69-64 victory over Freeburg last night behind the sparkling play of Bob Price. The Warriors will play Alton at 7:15 p.m. Friday. On Saturday, they will play first place at 7:30 p.m. or third place at 7:30 p.m.

Price hit on 10 of 17 shots from the field, had eight assists and tied Frank Knight for the team rebound lead with seven. His shots came from all over the field, some on long jumps, lay-ups and short jumps.

Although the margin of victory was only five points, the Warriors led throughout the game and Coach Andy Sullivan put in his reserves when Granite City gained an 11-point lead with a little over two minutes left to play in the game.

"We didn't play a real good game," Sullivan said. "Our boys were tired out from that tough game with Madison the night before. We just seem to play only as hard as we need to win."

Granite City was outscored by Freeburg, 30-26, but the Warriors took shooting honors with an even 50% on 28 baskets out of 56 shots. Freeburg shot a good 47% with 23 baskets on 48 shots.

Granite City took 14-10 first quarter and 29-24 halftime leads, but the losers matched the Warriors in the second half.

# Rams Advance To Wesclin Tourney Finals; Red Devils Eliminated

Lincoln of Venice, in the thick of things at the Wesclin invitational basketball tournament for each of the three years the meet has been staged, found itself in the championship finals again after turning back Livingston 76-44 last night in a semi-final contest.

Meanwhile, the Venice Red Devils bowed out of a tourney where they placed third last season, losing to Livingston Monday night and absorbing a 64-51 defeat at the hands of Marissa last night. Marissa lost to Lincoln in the first game of the tournament, 55-49.

The Rams, defending champions, will play the winner of tonight's Wesclin-St. Paul of Highland game for the championship of this year's meet at 8 p.m. Saturday.

Lincoln played its best game since the Kinkaid contest last week. After being deadlocked in the first quarter 14-14, the Rams went on a scoring rampage to roll up their eighth victory in nine starts this season. The lead was 28-22 at the 10-minute mark, 54-32 after the third quarter.

**'Back In Form'**

"What made me feel so good was the fact that we were back in form," Lynch said. "In the last two games, we hadn't been getting many breaks and were lucky to win them. But tonight, we looked pretty good. It's comforting to a coach to know that he has five starting boys who can score in double figures."

On Invasion of France

A film on the second phase of "Operation Overlord," the invasion of Europe during world war II, was viewed by members of the Granite City Kiwanis club during its regular meeting Monday evening at the Elks club.

The film dealt with the combined American-British-Canadian battalions landing at Cherbourg, France on "D Day."

President Sam Wolf, in charge of the meeting, and introduced one guest, Arnold Casanova, a member of the Edwardsville Kiwanis club. Wolf announced the cancelling of the local club's regular meeting of Jan. 18 in order that the group may attend the division 14 inspirational meeting in Collinsville on Wednesday, Jan. 20.

**DEVILS LEAD EARLY**  
John 13, Owens 7, Trifienbach 7, Jackson 3, Gladson 3, Craig 2.

Venice held an advantage over the Eagles in only one quarter lead and made it stand up the rest of the game. The Rams hit 14-13 after the first period. Clarence Hand topped his season's average by one point, hitting 27, and Livingston's Jim Augustine was only one behind with 26.

The Eagles led at the intermission 20-23, and maintained a 10 to 6 point advantage the rest of the way. The Devils had trouble from the floor again, hitting only 21 of 68 shots for 30% while Livingston scored one more field goal and shot only 54 times for 41%. A 31-30 Venice rebounding advantage was in a game this year and were forced into the consolation bracket, 65-59.

Trailing by a point after one quarter, 13-12, the Rams took the lead early in the second period and were never headed, although Marissa came within three points several times in the last quarter.

Responsive in part for Lincoln's low scoring mark (the previous low score was 63 points), was the loss of 20 points which were nullified as Ram players traveled while in the act of getting off successful shots.

"Marissa had a good defense, however," Lynch said. "Their zone defense gave us quite a bit of trouble."

The score by quarters found Lincoln with a 30-27 halftime lead and a 65-54 advantage after three periods. Marissa, playing a slow-break type of offense, which had helped it to a 10-2 season's record, shot only 46 times, but hit on 20 tries for 43% mark. Lincoln hit 23 of 55 shots for 41%, a respectable average but also a season's low for the Rams.

Again displaying a balanced attack, Lincoln was led by Chris with 19 points, Franklin had 12, Felton and Davis 11 each and Hall eight. Marissa scoring: Kahlenberger 14, Beim-

Moed hit nine of 17 shots and totaled 24 points.

The Devils hit 19 of 57 shots for 33%, while Marissa connected on 22 of 48 for 46%. Venice again out-rebounded its opposition, 29 to 22, but was unable to stuff the ball through after gaining control. Neither club shot well from the foul line, Venice converting 23 of 37 attempts and Marissa 20 of 34.

The scoring: Venice — Moed 24, Hand 12, Wyatt 6, Gray 6, Koelker 6, Corrie 5, McClain 2, Marissa—Trifienbach 15, Beinfuhr 14, Jackson 10, Gladson 9, Kueenberger 10, Owens 4, Craig 2.

**Triad Is Upset**  
Top-seeded Triad was surprised by St. Paul of Highland in a first-round game Tuesday night 61-58, while Aviston also was forced into the losers' bracket by host Wesclin, 76-57.

St. Paul had a 32-30 halftime lead and made it stand up the rest of the game. The Rams hit 14-13 after the first period. Clarence Hand topped his season's average by one point, hitting 27, and Livingston's Jim Augustine was only one behind with 26.

The Eagles led at the intermission 20-23, and maintained a 10 to 6 point advantage the rest of the way. ## Third Man Charged With Burglary

A third Quail-Cityan, Eddie Lee Jones, 22, of the 2800 block of Grand avenue, was taken into custody this week by Granite City police in connection with a series of break-ins throughout the area since November.

Chief of Detectives James R. Lowder served a warrant on Jones, charging him with burglary and larceny. His name was on the same warrant which was obtained last week for Leroy Metzger, 25, of 2019 Fourth street, East Madison, and Jack Miller, 22, of 1617 Bremen avenue. Metzger and Miller were arrested last week by Venice police.

Jones was turned over to Granite City police authorities in East St. Louis. Jones waived a preliminary hearing yesterday before Police Magistrate Gelparovic and was bound over to the circuit court grand jury. His bond was set at \$2500 and he was taken to the county jail at Edwardsville yesterday afternoon.

## CROSSING SURVEY PLANS

The executive board of the Nameoki school Parent-Teacher Association met Tuesday evening in the school cafeteria for a monthly planning session, with Mrs. Elva Mae Spiceland, president, in charge.

Principal topic of discussion centered on the organization of teams to participate in a school crossing survey in the Nameoki school area. Several volunteers offered to assist the safety committee with the survey project.

It was reported that plans are underway for the third annual "Bababall Festival" to be sponsored by the PTA in late February, with Arthur Menzies, physical education instructor, preparing teams of students for the annual event. A request was read from the Mothersingers seeking two robes from each PTA unit as donations to the choral group.

Kenneth Graham, safety committee co-chairman, announced plans for a skating party for the school safety patrols in about two weeks. Members elected to send two representatives to a Parent Education Leadership Training course to be conducted by Area Council of PTA's in late March.

The remainder of the time was spent discussing a special program on "Clinical Hypnosis" by Dr. Abraham Levitsky, Ph.D., St. Louis, next Tuesday at 8 p.m. in the Nameoki school auditorium. The guest speaker, a psychologist working in the St. Louis State Hospital, will describe use of hypnosis as an anesthetic, such as used at St. Elizabeth Hospital under the direction of Sister Theresa.

Willis Shepard, program chairman, reported that all local PTA units and the general public are being urged to attend the program.

Board members present were Walter Spiceland, Mrs. Wilma McQuinn, Mrs. Arlene Brindle, Mrs. Betty Feucka, Mrs. Shirley Brown, Mrs. Bea Pyle, Paul Herscov, Mrs. Louise Anderson, Mrs. June Aerne, Mrs. Alice Hodshire, Kenneth Graham, Maurice Steele, Mrs. Mildred Schwendemann, Earl Lee and Russell Robbins, school principal.

The Veterans Buddy Little Joe  
In 1955 Little Joe Welton was assigned to the position of Illinois Veterans Administrator, doing business on the second floor of the Granite City Hall adjacent to the City Council Chamber.

Up until the time Little Joe took over the reins of this position things were not too well, action was slow and gained results were not too plentiful.

But now when a Veteran or the wife of a deceased veteran walks into the office of the IVC Illinois Veterans Commission, the applicant seeking advice is immediately greeted with a good morning gesture or good afternoon as the time of day may happen to be. The general question ask immediately what can I do for you? Little Joe is on the ball and is not reluctant to help thrash one problem if possible and in his power to do so. However do not expect him to do the impossible as he possesses limited powers, he is not the Veterans Administration just one of the boys that make up a part of the administration.

I have contacted this man several times in the past with veterans problems of different natures and have the first time as of yet to not get results satisfactory. Joe is only human. Do not expect the impossible. He is just an ordinary person that has recently purchased a little modest home in the park district and became one of the town boys. Just a working man and very highly qualified at that trying to do a job to the best of his ability and power. Veterans, veterans' families, Little Joe you are as welcome as the flowers in May he will greet you with a smile. I salute Little Joe in my book you are tops.

Alderman Nann Wins More Support  
To the Press-Record Forum  
Dear Mr. Townsend,

As the average citizen I wish to express my opinion in regard to personal and political jobs at Mr. Walter Nann Alderman of the 5th Ward.

Perhaps Mr. Nann has made a few mistakes, but we all do, but there is one sure if he believes he is right, he will fight for the benefit of those out of his ward as well as those within and as long as he is Alderman West Granite will prosper and grow and that means the citizens of West Granite will have better streets and better homes.

There was something mentioned about how nice things were around Wilson Park residents better referred to as Silk Stocking row "but taxpayers should be more concerned about what going on in Wilson Park and what is happening. I am surprised our lady voters" don't find out how they can improve things out there and I know we have some lady taxpayers that are civic minded, and I take beautiful park, and I do take the same view as Mr. Able.

Respectfully yours,

Civic League Waking Up  
People On Why Taxes Are High

It seems as if the 5th ward alderman is getting riled up over the civic league. He should get a few facts before he leaps. The civic league consists of a lot more than eleven members and they haven't fallen on their faces, but are waking people up to the facts concerning our city and why taxes are high.

Remember an article in the paper when Alderman Nann was picking on a few taverns. Is this called democracy? The Civic League isn't picking on citizens of Cayuga St., but the amount of money being spent on a dead end st. when there are other streets and side walks in need of much repair.

Dear Sir:

Up until the time I was to understand the purpose of the box ad sponsored by the Holy Name Society on the front page of your January 7 issue.

If all these things are facts that they have listed it is a very fine thing. Has anyone disputed them? Does it mean to imply that non-Catholics have accused Catholics of lack of patriotism? Doesn't it naturally follow that our country was founded upon the principle of religious freedom that Catholics would have no point of pride in the progress of the country as well as people of other religions?

Then why try to pound these points home? Is it because we have a Catholic candidate for President?

Is this the beginning of a propaganda bombardment? Will people with an honest opinion to his or her party's principles be taken for granted or even for fear of being accused of prejudice or bigotry? We haven't reached the truth of any of these things nor do we intend to try. However the people of Evansville, Indiana, have always claimed a citizen of that city, Paul Funkhouser, as the first casualty of World War I. What his relation was we don't know, and what difference would it make?

Dear Sir:

We go along with the Globe-Democrat! If St. Louis has a million or so to buy a hog farm they should raise hogs on it. This area does not need a multi-million dollar private airport any more than it needs a hog farm, and we present the following data as proof: There are 9 private airports plus 1 multi-million dollar airport within a few minutes of downtown St. Louis. They are Collinsville, Lakeside, J. B. and Alton, on the east side; Lombard, Creve Coeur, St. Charles, Weiss, Smartt, Starling & Sublette, on the west side. All are as close as or closer than Howell Island in St. Louis. Alton, with the finest of hard surface and service facilities for all types of single and multi-engine aircraft, is only a 35 minute drive from downtown. Lakeside and Weiss have 300 foot runways suitable for everything up to and including DC-3's, Aero Commanders, etc., except in the very worst of weather, and the other private fields are also capable of handling most types of private and corporate aircraft. None of these fields are overcrowded. A fine, million dollar airport closed March 1, due to lack of patronage.

Lakeside and Collinsville airports are only a 14 minute drive from downtown, with regular bus service, and upon completion of the new limited access highway, they will be 8 minutes from downtown. The west side airports are just a few minutes from West, North, and South St. Louis. So long as private capital is able and willing to furnish all these facilities, we fail to understand why St. Louis would want to invest millions in a public airport for private use. At present there are approximately 500 private aircraft in the St. Louis area. The present airports are capable of handling at least 3 times this many aircraft plus the transient traffic now passing through this area. Just a few thousand dollars spent improving these existing local facilities would accomplish more than spending millions on one new far out facility. And the private facilities could pay back the money on a long term basis. A new auxiliary type freight & air terminal close in, yes, but adequate private facilities already exist.

Dear Sir:

This cotton-picking "steering gear committee" must be something wrong with it. May be its tie rods are loose. But it is nice to note that its recommendations feel flat. It would be a pretty how-de-do if we had to pay a private appraisal firm to do the work we are already paying public appraisers to do. And as for full time, salaried county officers—well, we have an over abundance of those things now. These "solars" can sure think of some dopey ways to spend our darn old money. ## Vital Liaison Role For Citizens' Group In Drainage, Pollution Programs

The Citizens' Sewer and Drainage Committee, which already has prepared a 64-page report and a recommendation on a comprehensive drainage engineering study, can render distinguished service to Granite City by also surveying river pollution abatement prospects.

Stressing the need for citizen participation as the sewer-drainage study progresses and as anti-pollution plans are made, Mayor Davis has asked the committee to remain active in an advisory capacity. It is fitting that the committee should study river pollution, because this topic is a part of the proposed engineering study for which a \$120,000 federal grant has been obtained and both drainage and pollution are closely related problems.

Just as a master sewer and drainage program is vitally needed here to avoid blocking future growth of the community, the need for elimination of river pollution has been established. Definite anti-pollution steps are being required by the federal government.

An encouraging sign is the formation of an anti-pollution council representing industrial associations of both the St. Louis and Illinois metropolitan areas. As major contributors to pollution, industries share the responsibility for abatement and have indicated a willingness to help seek a solution. Actions taken by the industries will have a direct effect on the amount of remaining pollution, thus affecting local planning on sewer sizes and drainage flow.

Will people with an honest opinion to his or her party's principles be taken for granted or even for fear of being accused of prejudice or bigotry? We haven't reached the truth of any of these things nor do we intend to try. However the people of Evansville, Indiana, have always claimed a citizen of that city, Paul Funkhouser, as the first casualty of World War I. ence is possible for conviction of Workman and the five associates on conspiring to defraud the government of taxes since 1944 by setting up gambling enterprises in the form of partnerships, failing to keep proper records and filing incomplete tax returns. Some of the associates also face other indictments.

Whether the sextet will be convicted remains to be seen, but there is no doubt that some of those named have been members or close to Workman's inner circle. Among them is Gregory "Red" Moore, once a kingpin at the notorious Hyde Park casino. It is clear that the underworld has been dealt a telling blow by the government, but equally clear that Workman associates and other syndicate representatives are not yet prepared to cross this lucrative area off their list. It was a long struggle and a refreshing victory for the public, but the fight for supremacy of the law is not yet over. Vigilance must be maintained.

This Area Pays 41% Of Levee Taxes, Should Have 2 Of 5 Board Members

Both the Democratic and Republican parties have an obligation to nominate at least two Madison county residents among each party's five candidates for the East Side Levee and Sanitary District board. Nominees will be chosen in the April primary, and four-year terms of the entire five-member board will be decided in November.

Latest assessed valuation of the district is \$538,447,842, of which St. Clair county has \$315,189,233 or nearly 59%, and Madison county has \$225,658,609 or 41%. When St. Clair county has four board members and Madison county only one, this important area is deprived of adequate representation on one of its largest taxing bodies.

"Taxation without representation" is no more popular today than it was before the war for independence. The past record of the free-spending, politically-dominated agency shows what can happen with four of the five board members living away from the Quad-Cities; the past record shows a better chance to give taxpayers here the representation they deserve.

Market Cornered; Younger Set Gaining Monopoly Over Family Telephone Lines

Parents of teenagers can sympathize with the family in Fresno, Calif., which was jolted by receipt of a \$1642 bill for telephone toll charges. A 13-year-old daughter made 462 long-distance calls to Los Angeles during the 1959 Christmas vacation, contacting eight teenage friends. She made as many as 20 calls a day, some costing as much as \$36, and phoned one family 123 times.

No such unusual instances have been reported in the Quad-Cities; parents say it just seems that their youngsters are on the telephone that long. Here, as in other areas, they have gone along with the trend toward additional phones and additional lines in their homes, partly as a favor to the children and, no doubt, partly to keep a line open for their own calls. Use of telephone sets by the younger set is here to stay. But it is safe to say that there are many parents who feel a kindred spirit with the Fresno mother, who has put a chain and lock on her telephone and is keeping the key.

Deadline Friday For Farmers' Tax Estimate

Farmers will have to file their estimated Federal income tax returns on or before tomorrow, Jan. 15, 1960, for the year 1959.

Philpot said this option is available to farmers only. The tax law defines a farmer as one who derives two-thirds or more of his gross income from farming.

He said farmers, who file an estimated return by Jan. 15 and

pay the tax due, have until April 15 to file a final income tax return and pay any balance of tax due. Otherwise, the law requires they file their final income tax return and pay the full amount of their tax by Feb. 15, 1960.

## County Group Seeks To Abolish Surveyor Job

A petition from the Madison County Taxpayers Association, urging continuance of assessments by elected assessors and termination of the office of county surveyor, were filed this week at the office of County Clerk Miss Eulalia Hotz.

The petition, containing 1016 signatures, is to be presented to the county board of supervisors. The petitioners, in an accompanying letter, pointed out the residents of the county are applying an annual amount of \$80,000 for "assessment" maps and plats and employment of supervisory services" and the services have proven inadequate. It also was brought out that a recent opinion by the Illinois attorney general rendered illegal the surveying and platting tax levy.

## 1959 Good Year For Retailers Association

The Associated Retailers and Civic Association, Inc., has completed the best year in its history, according to a report by retiring President Joseph Glik. "I don't personally take credit for this progress, it was made possible by the combined efforts of our many members," Glik said. "To use a slogan—'We did fine in 1959'."

Glik, of the Glik Department Stores, was presented a gift by members after the election of Maurice Rich as new president. Glik held the office two straight years.

His report cited 14 accomplishments of the organization during the year. These accomplishments range from successful union negotiations, and increased membership to Christmas activities for the community.

According to Glik's report, a two-year contract with the Clerk's Union was negotiated under the chairmanship of Ted Berger, and through the efforts of Executive Director Alvin Barnes Jr., the City of Granite City passed laws setting up the Off-Street Parking Authority to provide increased parking facilities in the downtown area.

The credit bureau division of the organization was also cited for having a good year.

"We successfully started the conversion of reporting routine to the new 'living record' reporting system," Glik said in his report. The conversion is now 15% completed with the entire job taking from three to five years to complete. New equipment for rapid copying of the records has been purchased to facilitate the conversion.

The credit bureau staff was increased from four to six, and the position of Credit Bureau manager created to free the executive director of many routine duties.

Also, according to Glik's report, a speeded up service was inaugurated for members in which a revised, up-to-date report is guaranteed them in two hours.

**Membership Increases**  
In other action taken by the organization in 1959, it participated in the All-America City celebration by raising \$1500 as part of a fund to finance the affair, urged the resumption of two-way traffic on two key downtown streets, worked with the Citizens' Committee to obtain new bus routes in Granite City, and increased the association membership from 280 to 303.

A program to honor firms with 25 to 50 years cooperation with the Chamber of Commerce and the continued sponsorship of the Civic Achievement Award are two other accomplishments by the association during the past year.

The organization also had

An organ prelude by Richard

Strand, Nameoid Presbyterian Church Institutional representative, will precede the program, and a parade of flags will be followed by the pledge of allegiance, led by Eagle Scout John Hanks.

The audience will sing "America," and the invocation will be offered by Rev. David B. Maxton, pastor of the First Presbyterian Church. Council Commissioner Rollin Henn will welcome the audience, with Council Advancement Chairman Jack Friedman recognizing the scouts' advancement.

A charge to the new Eagles will be presented by Council President Richard Tibbels prior to the awarding of badges. Singing of "God Bless America" by the audience will conclude the program, and there will be an organ postlude. The January grand jury term expires in March.

Three promotions during the year, "Dollar Days," "Washington's Birthday," and the "Three-Hour Specials."

"Our continuing program in the area of laborious showed fine progress with very few grievances filed," Glik said in the report. "Barnes helped the negotiations of 13 other contracts for member divisions such as service stations, waitresses and cooks, etc."

The association's board approved the addition of two more rooms at the office and also made preliminary steps toward starting a collection division of the organization.

According to the report, the year's successful accomplishments ended when the association built a Santa Claus log cabin which was visited by 20,000 children. John Henn was chairman of the project.

## Girl, 7, Collects 50 Cents For Polio

Teenagers' participation in the current Polio Fund campaign frustrated a little seven-year-old girl with so much enthusiasm that she undertook solicitation in her own neighborhood.

Pamela Rose Thorne, daughter of Engineer Depot Capt. and Mrs. Thomas Thorne, went to work along Fehling road, unknown to her mother, and collected 50 cents "for the poor people who have polio," as she put it.

The only reason her private drive was stopped was because her mother told her about the Thursday, Jan. 28 "Mothers' March on Polio," and that the neighbors probably wouldn't care for a second solicitation. Her 50 cents is being turned over to the drive leaders.

Chairman Bukovac also announced the meetings of the public water board will be held at noon on the second Saturday of each month at 4085 Pontoon road.

In recent conference with the project engineer and contractor, Bukovac said it was decided to build a water service line to be provided in about three weeks, since it will take that amount of time to carry out the work in the area where water mains have been installed.

The latest financial report of the water district shows a balance of \$88,060 in the special fund. Another \$88,823 is invested in government bonds.

Income includes \$17,885 received in connection fees, \$8900 miscellaneous income and \$507,000 government loan.

Disbursements to date amount to \$102,678 for construction costs, \$13,208 for engineering service, \$2366 for government audit and inspection and \$1295 for legal work and administration. Also, the district has the \$88,823 invested in government bonds.

The younger brother, Wilton L. Shennell, 21, of 708 Twenty-sixth street, pleaded not guilty to all three charges and remains in jail on \$77 cash bail for the trial Jan. 27.

## Air Products Plans To Start Building Plant In March

Construction of a \$4,000,000 oxygen plant in the 2200 block of Monroe street by Air Products, Inc., is expected to start in March, several months earlier than anticipated.

Application for building permits has been received by City Building Inspector Earl Bloomquist from L. W. Brennan, the firm's project engineer at the headquarters in Allentown, Pa., stating that with a start in March, the new plant should be completed by December.

Brennan, during a visit here in December had stated the construction work probably would not be started for six to eight months.

The plant, with a daily capacity of 170 tons of oxygen, is expected to employ about 25 persons.

## Lockages, Canal Tonnage Showed Increase In 1959

Traffic on the Chain of Rocks Canal and through Lock 27 during 1959 surpassed that of 1958 in all categories, including tonnage, number of vessels and number of lockages, a check with the St. Louis District Engineer's office showed today.

December tonnage amounted to 1,673,252 brought the past 12-month total tonnage figure to 22,142,460, as compared to 20,383,044 tons in 1958.

A total of 34,361 vessels, including towboats, passenger boats, barges and U.S. Government craft, made use of the canal and locks in 1959, or 3004 more than in 1958 when the year-end figure was 31,157 vessels.

Lockages also increased from 6423 in 1958 to 7370 in 1959. In December alone there were 104 more lockages than during the same month in 1958. The District Engineer's office contributed the December increase to the absence of ice on the canal.

Upstream traffic again topped that going downstream by about a 2-1 majority during 1959. Petroleum products was the single commodity which was responsible for the greatest percentage of total tonnage.

NEW GIRL SCOUT LODGE, which is being constructed by the Tri-City Girl Scout Council at Camp Lakota near Glen Carbon, and will be ready for use by local Girl Scouts this summer.

## Camp Lakota Girl Scout Lodge Nears Completion

Girl Scouts in the Tri-City Girl Scout Council area will soon be provided with facilities which will enable them to conduct camping activities on a year-round basis, council members were told Monday night during a regular monthly meeting at council headquarters, 1415 Niedringhaus avenue.

Taking advantage of unseasonably warm weather, contractors have nearly completed the council's new lodge at Camp Lakota near Glen Carbon.

The lodge, constructed on a 30-acre campsite, owned by the Tri-City Council, should be available for use this summer. The roof of the four-room structure was completed recently, and the sidewalks were to have been erected yesterday.

A concrete floor, which contains electrical heating units, was poured Monday and electricians are expected to begin wiring the building next week, the council learned. General contractor on the project is M. H. Wolfe and Co. of Granite City. The building, to be opened to

### Vandals Break Window

Mrs. Minnie Stroud, 2619 Denver street, reported to Granite City police Monday evening that a window had been broken with a three-inch piece of slag. She told police she was away from the house between 4 p.m. Sunday and 5:15 p.m. Monday and discovered the vandalism upon her return. The window was in a bedroom on the west side of the house near the street.

### Driver, 74, Pleads Not Guilty To Leaving Scene

Frank J. Dutchak, 74-year-old motorist, of 2180 Washington avenue, pleaded not guilty Tuesday before Police Magistrate Gasparovic to a charge of leaving the scene of an accident. He remained freed on a driver's license bond with a hearing scheduled for Jan. 20.

### Driver License Charge

Alfred Stamps, 28, of Rural Route One, was arrested early Tuesday by Granite City police on a charge of operating a motor vehicle without a driver's license. He posted \$16 cash bail for his release.

## District Governor To Visit Mitchell Kiwanis

Still without dining facilities for a regular dinner meeting, the Mitchell Kiwanis Club met Monday night at Smith's New Dining Room, and discussed among other things, a membership drive, money-making projects, and where to meet when the district's lieutenant governor comes for a visit Jan. 25.

The governor, Benjamin Thompson of Collinsville, is head of the 14th district, of which the Mitchell chapter is a member, and a dinner meeting is essential for such an occasion. It is the first visit scheduled by Thompson during the present officers' terms of office.

The club also discussed attending the Annual District 14 Inspirational Meeting in Collinsville, Jan. 20. All the members planned to go except two, who had other commitments. Nine attended Monday's meeting.

## Cloverview Improvement To Meet Tonight

The newly-formed Cloverview Civic Improvement Association will meet at 7:30 p.m. today in the cafeteria of the Maryville road grade school.

William Warfield, Granite City superintendent of streets, will speak to the 20 members and answer their questions. The association organized early in December, according to chairman Delton Goodrich, 2599 Spalding avenue. The group is presently waiting word on a charter application submitted this week to the state.

## Engineer Refresher Course Being Offered

A professional engineering refresher course is to be offered at East St. Louis high school, 4801 State street, beginning Jan. 26 under the auspices of the University of Illinois, Division of University Extension.

The course will meet for 11 weeks, with tuition amounting to \$22. Registration will be conducted at the first class meeting and fees are payable at that time.

Arrangement for the course in the area was made through the cooperation of the Madison and St. Clair county chapters of the Illinois Society of Professional Engineers.

The course is planned primarily for those wishing to take the state examination for registration as a licensed professional engineer. It offers a brief review in the fundamentals of engineering mathematics, mechanics, electricity and strength of material. A large part of the course is devoted to the solution of typical engineering problems in the fields of engineering economics, civil engineering, mechanical engineering and electrical engineering, with emphasis on the fundamental laws involved in their solutions.

## 237 Madison Accidents, 55 Injuries In '59

The intersection of McCambridge and Edwards streets in Granite City was the location of more than 200 accidents during the year, 1959, according to a report issued by the police department's annual vehicle accident report. The report was submitted to and approved by the city council.

The report listed 237 accidents occurring in the city during the past year, and 11 happened at that intersection. The next most dangerous location was the corner of 12th street and Madison avenue, where 30 accidents occurred.

The accidents listed were ten less than in 1958, although the 1959 accidents caused more injuries, 55, compared to 27 in the previous year. There were no fatalities during the past year.

Most of the drivers in accidents on Madison streets were male and between the ages of 35-44. Of the 445 drivers involved in the 237 accidents, 309 were men and 96 were women. The next highest age group was 25-34, with 91 accidents. Eleven drivers involved in wrecks were over 65 and ten were under 17.
